The default Home Page is the starting point for shopping.

Click the Advanced Search link to access the mode (see below).

Shop by Supplier, Category, Contract, or use the Chemical Structure search with these links.

This link returns you to Simple Search.

Search Tips:

- Start with Simple Search
- Select a product category for more relevant results
- Use phrases for more focused results
- Use Advanced Search to search for items with distinct attributes
- Avoid using abbreviations or acronyms
- Check your spelling
- Avoid using common terms (paper, tube, etc) unless they are part of a phrase.

As you search & add items to your cart, your cart summary will keep a running total of your items.

Use Advanced Search to enter more specific search criteria to either include or exclude.
